E-SAFETY NEWSLETTER – September 2018

Dear Parents and Carers,

WELCOME to a new school year at The Tynings! With September being a new start for everyone, this is a brilliant opportunity to set expectations with your family about Online Safety. During this term every child at The Tynings will be completing a unit of work about E-Safety in their Computing lessons. We will be setting our standards about behaving respectfully and safely online in school and at home and revisiting these throughout the year.

Please take the time to have a look at our website – we have an [E-Safety Parent Zone](#) full of useful information that can help you open a dialogue with your children about what they (and you) can do to be smart and safe online. Our SMART rules are a great starting point:

[Internet Matters](#) is one of many fantastic resources out there that we highly recommend checking in with. Its advice is tailored according to the ages of your children (0-5, 6-10, 11-13, 14+) and highlights responsible actions that you can take at home to help your family have positive experiences online. If you are curious about an online game or social networking app that your child has discovered, type it in to the search bar on this website and it will provide you with straightforward guidance and information about its appropriateness and any potential red flags to be aware of.

[What Can I Do Right Now?](#) Please, take a look and have a go.

We are always here to help!
